# WHAT'S LIFE GAME??

A "make-believe" world that is set up in a camp or retreat environment where participants are given the opportunity to live out their whole lives however they wish. They begin to pursue their dreams by getting an education, finding a job, buying their first car, purchasing a house, getting married, raising a family, and climbing the ladder of success. And... anything can happen along the way!

Eventually each participant will question, "What's the point of life?" and that, is the whole point of LiFEgame - an opportunity to discover the true purpose for living.

Come join us for a getaway like no other!

P.S. THIS IS GONNA CHANGE YOUR "LIFE" AS YOU KNOW IT!

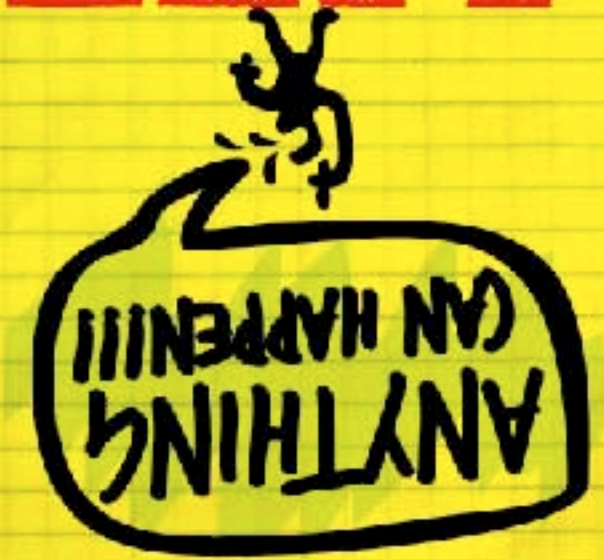

"It was truly the most amazing, memorable, unique camp I had ever been to. I highly recommend it! I came back with a totally different perspective of life."  
- Ng Yoong Heng

"My life could turn out just like that... It began to dawn on me that this is no longer a game anymore, its real life!"  
- Karin Chang

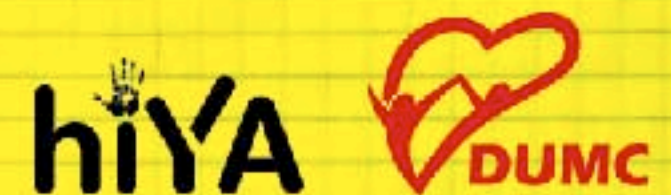

"It helped me to take a deeper insight of what is God's purpose for me at this stage of my life."  
- Joyce Wong
