Business & Government**

**Don't miss out!**

Come and hear 3 top Christian leaders share their experiences about business, government and the crucial place of theology & the church

Dr. Billy Graham said,  
"The next great move of  
God will be in the  
workplace".  
Dr. Henry Blackaby  
echoed what he said.  
"God is marshalling his  
people in the workplace  
as never before in history.  
God is up to something.  
The next spiritual  
awakening could take  
place in the marketplace."

# Keynote Speakers

**Tan Sri Dr Francis Yeoh**

Tan Sri Francis is an exemplary steward of God in today's marketplace. God blessed him with outstanding wisdom and since he took over the running of his family's business in 1988, God multiplied his charge by extraordinary measure. Today, as a multi-billion dollar group, YTL is a shining beacon for God in the corporate world.

Geographically, God expanded the group's business from its origin in Malaysia to cover three

continents serving 10 million customers. God also broadened its business scope from a small construction company into a leading integrated infrastructure and utilities conglomerate.

Notwithstanding these accomplishments, Tan Sri Francis continues to seek God's Kingdom first and honour Him in his businesses. Tan Sri Francis is also an exemplary leader of God in his family. He was the first among his siblings to be a Christian. Today, all his siblings who are also his fellow board directors are followers of Christ.

When he was once asked how his family deals with power struggle which is typical of most wealthy Chinese families, his reply was, "We do not have the problem because we see ourselves as mere stewards of God's assets."

**Dato' Sri Idris Jala**

Many Christians long for a revival but only a few get to experience one. During the outpouring of the Holy Spirit upon the Kelabit youths in Bario from 1973 to 1975, Dato' Sri Idris was one of the youths.

From his humble town of Bario in the highlands of Sarawak, God has blessed Dato' Sri Idris with outstanding academic and career accomplishments. He graduated from University Sains Malaysia in 1982 with the Top Student Award and in 1986, he obtained his Master's Degree from the highly-rated University of Warwick.

In his position today as Minister in Prime Minister's Office and CEO of Pemandu, Dato' Sri Idris is involved in societal transformation. He oversees the development and implementation of the Government Transformation Programme (GTP) which aims to transform Malaysia into an advanced, united, safe and just society with a high quality of life for all. He also oversees the development and implementation of the Economic Transformation Programme (ETP), which aims to propel Malaysia by 2020 to become a high income economy, with inclusiveness and sustainability.

Dato' Sri Idris is reputed for his special turnaround skills. When he was the Managing Director and CEO of Malaysia Airlines, he successfully turned around the airline and during his 23 years with Shell, he also successfully turned around numerous business units of the Shell group.

years before serving as the founding General Secretary of the National Evangelical Christian Fellowship (NECF) of Malaysia for ten years.

Since 1995, he is the senior pastor of Damansara Utama Methodist Church (DUMC) in Petaling Jaya which he and a team of people started in 1980. Today the church has over 4,000 people in her weekly meetings. He has also ministered in several countries and contributed to several books and magazines. He and his wife, Doris, have an adult married son, Matthew.

**Pastor Dr Daniel Ho**
